

Dominion Loses Wheat Preference in South

OTTAWA, Nov. 18.—A broadened and smoother highway for Canadian products moving into the United States market was opened Thursday, but at the cost of the Dominion's wheat preference in the United Kingdom and a lessening of other preferences, including that on apples, favoring United States.

This was revealed when details of the new Canada-United States trade agreement, signed in Washington, were made public in Ottawa, accompanied by an explanation of Canada's part in the Anglo-American trade agreement, signed at the same time.

Canadian concessions to United States were also on a broad line, lowering or preserving the rates on some 447 items in the tariff structure and promising early removal of the three per cent excise tax on duty paid value of United States imports.

Virtually every kind of fish caught in Canada will enter United States at a lowered duty rate, in many instances the reduction amounting to the maximum of 50 per cent below the 1930 rate which is the limit President Roosevelt is empowered by Congress to lower tariffs.

Lumber, agricultural products and some minerals benefit. The most upped "marking" clause which required Canadian lumber entering United States to be marked to identify its origin, was removed and quotas increased or abolished.

Duty-free quotas were increased, provided given the maximum tariff reduction either for table or new goods, and the maximum reduction reduced on fresh or frozen goods with lesser reduction on bacon and other hog products.

The new agreement superseded that which was concluded Nov. 18, 1935, and made effective Jan. 1, 1936. The agreement expires at the end of the current year.

All concessions obtained in the 1935 agreement were retained and a much greater number of new concessions added.

To facilitate negotiation of the Anglo-American agreement Canada, in common with other members of the British commonwealth, sacrificed certain preferences on the United Kingdom market.

The preference of six cents a bushel on wheat was removed, so that wheat from the United States could be sold at a lower price than Canadian wheat.

The new agreement will be ratified by the parliament of Canada and the United Kingdom at the earliest opportunity but President Roosevelt has power to act in the interim.

The Canadian government, by Order-in-Council, may reduce tariff rates on the United Kingdom at the earliest opportunity but President Roosevelt has power to act in the interim.

Trans-Canada Mail Plane Crashes, Two Men Perish

Two Well-Known Dominion Airmen, David Imrie and Jack Herald, Victims of Accident Near Regina

Regina, Nov. 18.—(Postal authorities here today said 10 to 12 miles of mail aboard the Trans-Canada Airlines plane crashed and burned near here today had been badly damaged.

Regina, Nov. 18.—Two well-known Canadian aviators were killed instantly early today when their Trans-Canada Airlines mail plane crashed and burned two miles west of Regina while on a regular flight from Winnipeg to Vancouver.

The plane from Winnipeg left Regina on schedule at 13:31 a.m. It crashed several minutes later.

T.C.A. officials left Winnipeg by plane for the scene of the crash, first serious accident since the T.C.A. began operations in Canada more than a year ago.

Regina, Nov. 18.—Crash of a Trans-Canada Airlines plane west of here early today was witnessed by C. H. Waters and W. F. Rogers, Regina residents, who watched from the west side of the airport field as the machine took off for Lethbridge.

The pilots did not seem to be "seeing" the air until it was too late. The plane crashed and burned into the fog, leaving a large crater in the field.

Premier King Sees Trade Snags Gone

WASHINGTON, Nov. 18.—Binding most of the English-speaking world in ties of commerce and friendship, reciprocal trade pacts between Canada and the United States were signed in a momentous ceremony in the White House Thursday.

White President Roosevelt, premier of "good neighborly" looked on with pleasure as Prime Minister Mackenzie King for Canada, Ambassador Sir Ronald Kingsley for the United Kingdom, and State Secretary Cordell Hull for the United States, affixed their signatures.

Prime Minister Mackenzie King said: "Our satisfaction at the conclusion of these long and arduous negotiations," he said, "is all the greater because the agreements which have been reached are in no sense experimental. Indeed they are intended to remove many obstacles from channels of world trade."

When the first Canadian trade agreement (which the present pact supersedes on Jan. 1) was signed, President Roosevelt said, he was of the opinion it would be a success.

CIGARETTE AND LIQUOR TARIFFS ARE REDUCED

Heavily Taxed Imports Are Shown On Lowered Scale

OTTAWA, Nov. 18.—Principal benefits to Canada under the new trade agreements, in addition to reduced tariffs on lumber and cattle, are the reduced fish, potato and other duties which have averaged against sections of the Dominion.

In addition Canada will benefit from the lowered cost of many manufactured articles, particularly heavy machinery used in mine and agricultural production, construction machinery, package goods, textiles, and numerous household articles.

Canadian tariff is heavily reduced on tobacco, confectionery and liquor. Cigarettes are now taxed 52 per cent, plus 15 per cent, as against 61.0 per cent, plus 25 per cent, in the old schedule. Whisky duties are reduced from 51.0 to 35 per cent.

The agreements will be ratified by the parliament of Canada and the United Kingdom at the earliest opportunity but President Roosevelt has power to act in the interim.

The Canadian government, by Order-in-Council, may reduce tariff rates on the United Kingdom at the earliest opportunity but President Roosevelt has power to act in the interim.

RIGHT HONORABLE W. L. MACKENZIE KING

who signed the trade pact on behalf of Canada at Washington Thursday.

OTTAWA, Nov. 18.—Slightly more than \$200,000,000 worth of trade between Canada and the United States is involved in the concessions granted each country by the other in the new trade agreement.

Canada gets concessions of varying character on exports to the United States, which, last year, were valued at \$27,500,000.

On the other hand, Canada gives to the United States concessions on trade which last fiscal year was valued at \$280,000,000.

PREMIER WILL VISIT OTTAWA ON DEBT PLAN

Says Refunding Proposal Will Involve Sum Of \$157,000,000

Immediately after order of the special legislative session in progress, Premier William Abernethy plans to leave for Ottawa to confer with the Dominion government on a refunding plan for the entire Alberta public debt. The Premier on Friday said that he would have almost "immediately" for Ottawa.

Reaching considerations now under review by the government embrace the entire public debt of \$137,000,000 and the full amount of provincial debt.

The Premier will seek at Ottawa to determine the Dominion government's attitude on the proposed plan for refunding was held on Friday.

Anglo-U.S. Pact Aid To Trade

WASHINGTON, Nov. 18.—The United States is helping for itself and a far-flung part of the British Empire, and the United States Thursday signed a trade agreement with the United Kingdom, which will increase international commerce.

Broadly speaking, Great Britain, Northern Ireland, Newfoundland and certain colonies reduce tariffs on a long list of United States products, including numerous agricultural commodities.

In return, the United States has agreed to reduce or remove a wide range of products, prominent among which are wheat, cotton, and the output of British heavy yards and cloth industry.

RAIN MAKES CONCESSIONS The United Kingdom abolished the six cents a bushel preference she had accorded empire-grown wheat shipped via all-British routes.

The United Kingdom also reduced the rate on office equipment and several types of machinery.

United States concessions on the United Kingdom and the other parts of the empire for which she has brought the plight of the United Kingdom readers.

Trade Pact With United States Given High Praise

Saving of possibly \$100,000,000 a year by Edmonton citizens due to proposed abolition of three per cent excise tax on goods imported from the United States, reduced duties on Canadian cattle entering the United States, sharp reduction in cigarette and tobacco prices, and many other benefits flowing from the new Anglo-U.S. Canada trade pact were warmly praised here Friday.

In the past 15 months, customs officials in the city said, a total of \$121,250 was collected here under the excise tax, which is known as the Special Import Tax.

If parliament ratifies the agreement and it becomes operative on January 1, the annual saving of more than \$100,000 will be added to local citizens. The tax applied to local imports from the United States.

The Premier will seek at Ottawa to determine the Dominion government's attitude on the proposed plan for refunding was held on Friday.

Kindly Folk Rally To Aid Family Of Six

But Case Still Desperate As Winter Nears

Ministerial relief to the aid of the stricken Watson family whose little farm home in the Long Lake district, north of Regina, was completely wiped out by fire early this week, together with their entire supply of clothing and furniture, and the loss of money they were relying upon to see them through the winter.

But more aid is still needed. The family must have clothing, food, and other necessities.

Nothing will come amiss," said Louie H. Harris, J.P. of Russell, who has brought the plight of the Watsons to Regina readers. "They need a desperate and deserving. They are a hard-working family and they need help if they are to pull through."

Homeless neighbors are making out for a new house and will build a building here to get it. The Watsons are now in a temporary home, but they are not providing clothing and furniture, and that's what readers of The Bulletin are asked to do.

In addition to the donations already received, The Bulletin is sending out a list of names of people who have contributed to the fund.

Special Silver Dollar Issue To Mark Visit

NEW WESTMINSTER, B.C., Nov. 18.—A proposal that the Dominion government mint special silver dollars to mark the visit of King George and Queen Elizabeth to Vancouver and Seattle, B.C., was made today by Hon. C. A. Dennis, federal minister of finance by The Hon. Lester, member of parliament for New Westminster.

Mr. Dennis said such an issue would be valued as souvenirs, and it would be profitable to the government.

War Airplane Order for Canada Criticized in British Parliament

HAMPDENS TOO OLD-FASHIONED CLAIMS SEELY

Opposition Rebukes Government Over Contract With Dominion

LONDON, Nov. 18.—Criticism of the agreement between the British government and Canada for aircraft manufacturing for the Royal Air Force was voiced in the House of Commons Thursday by Sir Hugh Seely in having an opposition Liberal amendment to the address in reply to the speech from the throne.

He said he could not believe the decision announced Wednesday was one which the house wished to accept.

"We know the air secretary is buying 400 machines in the United States," Sir Hugh declared. "He has also said he is getting up to 1,000 machines for the Royal Air Force, which is to be used in 1940."

"But when it comes to this Canada order, he says it would not be in the public interest to place the figures. It has been said they are going to manufacture Hampdens but the Hampdens is outdated and will not be the machine you will need in 1940."

The Liberal amendment regretted that although deficiencies in military and civil defence were acknowledged by His Majesty's ministers, no mention was made in the speech from the throne of the necessity of ministry of supply to "secure efficient and profitable."

Rejecting creation of a ministry of supply, Sir Thomas Inskip, minister for defence co-ordination, said leading industrialists opposed it. He declared the principle of carrying out the rearmament program without interfering with normal trade had been abandoned.

British Labor Retains Seat In House Of Commons

LONDON, Nov. 18.—Labor retained the Doncaster seat in the house of commons in Thursday's by-election, increasing its majority by nearly 4,000 votes as compared with the 1935 general election.

John Morgan was the successful candidate, polling 31,738 votes to 20,897 for Alexander Monteth, National Labor.

Three years ago the late Alfred Short, Labor, polled 29,883 votes to 22,011 for A. H. H. Nelson, Conservative.

\$1,000,000 Worth Canadian Railroad Sold To Britain

TORONTO, Nov. 18.—Eleven groups of railroad, valued at \$1,000,000 have been sold to the British government, officials of the Canadian National Railway Co. said today.

The railroad is part of a \$25,000,000 purchase being made under the British Lend-Lease program. It will take 11 months to produce the required amount.

Queen Progressing

LONDON, Nov. 18.—Queen Mary of Norway, who underwent an abdominal operation yesterday, had a "fair night."

He Looked Young, Bright, Didn't Think He'd Be a Hitler

C.I.O. Jeers Name of Martin Dies, Congressman From Texas

PITTSBURGH, Nov. 18.—The Congress of Industrial Organizations convention Thursday jeered the name of Martin Dies, chairman of the House subcommittee investigating un-American activities, when a delegate introduced a motion calling for an "investigation of the un-American activities of the Dies committee."

J. E. Crossland, of the Industrial Union of Marine and Shipbuilding Workers of America, introduced the motion.

He looked young and bright and they thought he would be another Huey Long and not another Hitler. . . .

Then, Crossland said: "We are apologizing for him. But we don't want this convention to go on record as endorsing him, nor do we want to read into the record our sentiments."

The convention took no action upon Crossland's resolution, but adopted a civil rights bureau resolution advocating creation of a responsible independent bureau in the federal government to be responsible for investigating un-American activities in all major instances in which employees have been employed.

"We will not," the resolution declared, "degrade labor by such a measure."

Boycott Threatened On Ford Products

PITTSBURGH, Nov. 18.—The Congress of Industrial Organizations declared Thursday that if the Ford Motor Company "persists in its refusal to bargain collectively" with the United Auto Workers the C.I.O. would treat the company's products as "unfair."

The resolution adopted charged the Ford Motor Company, which exercised

REP. MARTIN DIES

every means of destroying "all semblance of bona fide labor organization" within its plants and "is deemed an actual competitor in the manufacture of automobiles."

It pledged full support of the C.I.O. to the auto workers union.

DETROIT, Nov. 18.—Harry Bennett, president of the Ford Motor Co., informed of a threatened boycott of Ford products by the Congress of Industrial Organizations, asserted that the United Automobile Workers Union was "not representative" in the Ford plant.

"We'll iron out difficulties with them (U.A.W.) wherever they are representative in our plants," he said, "but they'll have to show us first that they have the right to represent their workers."

DUTY REDUCED AMERICAN COAL TO DOMINION

WASHINGTON, Nov. 18.—The state department said last night the new reciprocal trade agreement with Canada fixed the Dominion's duty on coal at present levels but abolished a three per cent, excise tax, which had the effect of a duty reduction of eight cents a ton on bituminous coal and 20 cents a ton on anthracite.

The agreement, to become effective next Jan. 1, bound the Dominion government not to increase its present duty of 25 cents a ton on bituminous coal, 30 cents on anthracite and \$1 on coke. The department said that in the case of duties on coke, excise tax "had added considerably to the charges."

Canada's imports of United States coal and coke amounted to nearly \$25,000,000 last year, including certain coke which enters free.

The earth's temperature increases on an average of one degree Fahrenheit for each 60 feet of depth.

French Labor Plans To Fight Daladier Laws

PARIS, Nov. 18.—The general Confederation of Labor, powerful organization of 3,000,000 workers, vowed last night to fight Premier Daladier's economic decree law, planning a day of national demonstration for Nov. 26 and threatening a nationwide strike.

Workers' delegates voiced unanimous opposition to Daladier's "three year plan" for rebuilding French industry.

Both Socialists and Communists assailed French "silence" on German anti-semitism and demanded detailed information on negotiations for a treaty with Germany which Daladier told a Radical-Socialist executive committee yesterday were nearing completion.

Lord Chalmers Dies

OXFORD, Eng., Nov. 18.—Lord Chalmers, 86, whose career in the civil service brought him a peer's title, died Thursday. Lord Chalmers leaves no heir. His two sons were killed in action in May, 1915.

SPEAKER URGES SOUND SOLUTION OF OIL PROBLEM

CALGARY, Nov. 18.—A plea for consideration of all viewpoints in solving the oil problem facing the Alberta oil industry was made Thursday by J. L. Irwin, statistician of the department of Lands and Mines, in an address to the Probus club here.

Alberta's oil was no longer a provincial question, said a Dominion question, said Mr. Irwin. "It has already reached an imperial status and with the dawn of a fast approaching tomorrow it will assume an international importance as well," he added.

"There are so many branches of the industry and each one has its problem. The operators in the field, the refiners, the distributors, the people responsible for transportation, the commercial world which must arrange supplies, the geologists, the technicians and last, but not least, the government."

"Never was there a greater need than now that we should try to see the other fellow's viewpoint. To understand his problem as well as our own. To advance in a real spirit of co-operation, under a general feeling of tolerance, towards a common and surely a glorious goal."

Hean Big Hunter Slays Deer With Pocket Knife

ENTERPRISE, Ont., Nov. 18.—Devere Wagar doesn't need a gun to kill his deer. When a big buck charged Wagar he grabbed its antlers and threw it, then killed it with his pocket-knife by cutting its throat.

Refunding Bonds Quickly Disposed Of In New York

NEW YORK, Nov. 18.—Underwriters who today publicly offered an issue of Canadian government three per cent refunding bonds, totaling \$400,000, reported they had quickly disposed of the loan to bankers and institutional investors.

The issue was offered at 97 1/2 per cent and quickly went to a small premium in the over-the-counter market where bids of 97 1/2 were received.

The loan represented the first important Canadian financing in the New York market in about two years.

Municipalities Relief Costs To Be Cut \$140,000

VICTORIA, B.C., Nov. 18.—Municipalities of British Columbia will be relieved of unemployment relief costs amounting to \$140,000 a year by a new arrangement of costs announced Thursday by Premier T. D. Pattullo.

The premier said his government has agreed to pay 50 per cent of the cost of relief for unemployed persons. Cities and municipalities will pay the other 50 per cent.

Up to now the government has paid 40 per cent and the cities 60 per cent.

On a total bill of \$700,000 a year for relief for unemployed persons the province will thus increase its contribution from \$280,000 to \$350,000 and the municipalities will save accordingly.

On ordinary relief of employable persons the government will continue to pay 50 per cent, and the cities 50 per cent.

Soviet Warns Hitler Hands Off Ukraine

MOSCOW, Nov. 18.—Soviet newspapers warned Nazi Germany today, the 26th anniversary of the election of German troops from the Ukraine, that any new attempt to occupy that territory would end in disaster.

The army paper Red Star said German militarists had forgotten everything they should have learned and "are howling again, to the east."

"But they do not realize that the potentialities of the inextinguishable forces of the Soviet Union exceed anything that could be grasped by the 'bourgeois mind,' the Red Star continued.

"At the very moment the Fascists dare touch us, the red army will cross the border of the hostile countries. Like an avalanche of steel it will rush upon territory of the 'bourgeois mind.' The imperial beast will be crushed in its tracks."

Old Diet Is Prescribed For Dionne Girls

CALLANDER, Ont., Nov. 18.—The Dionne quintuplets, their throats almost completely cured after the trouble and adventure of a week ago, went back to their regular diet today. Dr. Allan Roy Dales, physician to the famous five, said they were "getting along fine."

Jews Live In Suspense While German Buried

BERLIN, Nov. 18.—Jews lived in suspense Thursday as the Nazi assembly buried a martyr, the young diplomat whose assassination occasioned the latest outbreak of anti-Semitism.

The government withheld further news of the funeral until it was expected after the services for Ernst vom Rath, fatally wounded by a Jewish youth, Herschel Grynszpan, in the German embassy in Paris last week.

But two officials in funeral news for von Rath in Düsseldorf warned that Jews had understood the challenge of Jewry, and accept "it" and "the moment of terror" in bringing Germany back to slavery.

Though Hitler attended the services, there were no new decrees, there were new prohibitions such as a lifetime ban on Jewish guests, and new laws that thousands of Jews had to be evicted from homes overnight.

\$25,000 Paid For Work Of Pete Board

Sum of \$25,000 has been provided to the provincial government for the operation of the Alberta Oil and Gas Conservation Board, it was learned Friday. An Order-in-Council was passed authorizing the amount, which was obtained from the Imperial Bank through a government guarantee. Interest at four and one-half per cent is due on the loan.

W. F. Knide, chairman of the Oil and Gas Conservation Board, draws a salary of \$1,000 a month, it was revealed. This remuneration is due while he is devoting his full time to the board. Substantive of \$8 a day is being drawn while absent from Corpus Christi, Texas. He also draws transportation costs and it is to receive a retainer of \$200 a month for 18 months after the first six months of residence work.

In addition to Mr. Knide, the board consists of C. W. Dingman, former director of the petroleum and natural gas branch of the provincial lands and mines department, and F. G. Cottle, former auditor in the Board of Public Utilities Commissioners.

Mr. Dingman is to receive \$5,000 a year with an annual increase of \$500 until a maximum of \$5,000 is reached.

Mr. Cottle's salary is \$3,000 a year with a \$200 a year increase until a maximum of \$4,000 is reached.

Messrs. Dingman and Cottle are appointed for five years.

Eggs lay their eggs in pairs, and each egg produces a male and a female.

1939 Chrysler Royal Four-Door Sedan

NEW! IN STYLE...BEAUTY...COMFORT... SAFETY...PERFORMANCE AND VALUE!

NEW! ADVANCED AIRFLOW STYLING! Chrysler pioneered modern streamline design in the Airflow... now brings it to new, modern style and beauty... permitting great interior roominess in the most luxurious, most dynamic Chrysler ever to take the road.

NEW! BODY 4" WIDER... MORE SPACE, GREATER COMFORT! Chrysler's already roomy body is now 4" wider at the windshield! Seats are literally as wide as down. Up to now, roominess has been merely relative... now cars gave a trifle more than others. Here is a car so roomy you feel its spaciousness the moment you enter it!

NEW! HANDY-CONTROL GEARSHIFT! The gearshift lever is now off the floor and on the steering column... convert to reach and much easier to operate. There is nothing new to learn—the gearshift positions are as they were with the conventional gearshift lever. Simple... safe... classless... quiet... sure! A great modern advancement.

NEW! MORE LUGGAGE CAPACITY IN HIDDEN RECESSED TRUNK! True streamlines banish the bulging trunk! Body and fenders sweep back in tapering lines of striking modern beauty. Yet the luggage compartment—opened from the rear—has 27% more carrying capacity than ever before!

NEW! PLASTIC INSTRUMENT PANEL AND "SAFETY SIGNAL" SPEEDOMETER! Modern chemistry makes possible the gorgeously beautiful instrument panel. Control buttons are recessed for safety. The speedometer signals at night in different colored lights to warn you of dangerous driving speeds.

NEW! POWER... HANDLING EASE... SAFETY... ALL AT A NEW CHRYSLER HIGH! Greatly increased horsepower... coupled with modern economy of the "Dual-Power Overdrive Transmission! Steering and gearshifting of feather-touch ease. Chrysler's famous hydraulic brakes and Safety-All-Steel Body. Every great Chrysler engineering feature is yours in the new Chrysler for 1939.

● See and drive a great new Chrysler at your nearest Chrysler-Plymouth dealer. You will find it a thrilling, new experience. Why not take a trial Chrysler-drive today?

*Standard on Custom Imperial. Available on Chrysler Royal and Imperial at slight extra cost.

WORKER SEEKS \$426 IN WAGE FOR CIVIC JOB

Action To Test Whether
City Can Collect For Re-
lief Advanced

Altogether he had been paid only \$231.95 in respect of 1,274 hours worked as night watchman at the Edmonton airport, Thomas Logan, in district court Thursday, sought to recover from the city of Edmonton \$426, balance due to him on the basis of 2,314 cents an hour, the minimum wage rate under the provisions of the Minimum Wage Act, 1935.

The action involves a test whether the city can collect for relief advanced.

RANGEYALTS BLACK HAWKS' STREAK IN NEW YORK

Toronto, Detroit Chalk Up Victories

Red Wings Wallop Luckless Montreal Canadiens 7-1 As Rookie Goalie Makes Brilliant N.H.L. Debut

CHICAGO, Nov. 18.—Chicago Black Hawks' four-game win streak was shattered last night by New York Rangers as the Stanley Cup holders met a 1-0 defeat from the Manhattanites, who pushed their own undefeated run to three games. A crowd of 12,044 fans saw the National Hockey League game.

Despite the setback, Chicago received first place in the league race. It was the Rangers' third successive defeat.

Smith looked on from the sidelines as the victory gave Toronto, which had lost its first game since the season's start, a 1-0 win over the Red Wings.

Smith's goal was the only one of the night. He was the first to score in the game.

Don Carle, managing editor of the film daily, saw more than 550 feature motion pictures and 600 shorts a year for 7 years.

Edmonton Esks Open Alberta Senior Hockey Against Oilers Here Saturday

SATURDAY night will see Edmonton's new Eskimos open the new Alberta Senior Hockey League schedule here against a brand new entry—the Turner Valley Oilers under the coaching agency of Blumer Piper, the mentor who guided Trail to the Allan Cup last season. The starting time is the usual Saturday hour of 8:00 p.m.

All of which is a fitting send-off for this club's new deal in senior hockey, one club representative of the entire city and sponsored by the Edmonton Sports Booster Club—an organization which has been the improvement of Edmonton's major sports.

Coach Ken Loughlin has put his greatest hopes for this year's season on the backs of four shift guards against two of the best clubs in the west, Saskatoon Quakers and Trail.

Several thousand fans have seen the Eskimos in the two exhibition games they have already played here and the majority of those fans are of the opinion that the Eskimos will be a mighty potent factor when the league playoffs finally roll around.

UNKNOWN FOWLS
Little is known of the culture of the Turner Valley Oilers. They are a new club that was brought together this fall by Blumer Piper with the backing of Turner Valley's local business community.

Several thousand fans have seen the Eskimos in the two exhibition games they have already played here and the majority of those fans are of the opinion that the Eskimos will be a mighty potent factor when the league playoffs finally roll around.

Jack Finds Cure For Housemaid's Knee

DETROIT, Nov. 18.—Jack Johnson, professional football player here, got tired of complaining about his knee guards and decided to do something about it. He invented a new type consisting of two sections of horse-hair-covered sponge rubber. Johnson plans to make the idea all winter to aid linemen to avoid the football equivalent of housemaid's knee.

SASKATOON QUAKERS DEFEAT SMOKE EATERS 2-1

Bunny Dame Nets Champs' Lone Goal

SASKATOON, Nov. 18.—Saskatoon Quakers defeated Trail Smoke Eaters, 1937-38 Dominion senior champions, 2-1 in an exhibition hockey game here last night before 2,400 fans.

Smoke Eaters leave here today for Flin Flon where they play Saturday and Sunday. Before meeting the Quakers they broke even with Lethbridge Maple Leafs in two games, defeated Calgary Stampede and tied Edmonton Eskimos.

Trail Smoke Eaters had the lead at 1-0 in the second period when Bunny Dame of the Quakers netted the lone goal.

see and king will draw up outstanding diamonds if North fails to follow to the queen, another diamond is led from East. South then will be helped. If he plays the ten from his remaining 2 to 10 West wins, returns to dummy with the heart ace and leads another diamond through the J. If South fails to pick up the diamond ten on the second diamond lead, declare will, of course, nearly win with the ace and draw the J to with his A. This is a common, but often over-looked safety play.

Tomorrow's Hand

Mr. Culbertson will discuss the hand in tomorrow's column. Write your bridge troubles and problems to Ely Culbertson, care of this paper, including a self-addressed, stamped envelope.

Correspondence To The Sports Editor

Dear Mr. Editor:

The teachers of the elementary and intermediate schools of Edmonton, have with one mighty voice, abstained one of the largest sports leagues in Canada.

At their annual sports meeting the decree went forth from male and female teachers, with the vocal chords of a strenuous minority being strained in a vain effort to ward off the fatal blow that inter-school contests in hockey, football, basketball and baseball must cease. No more league games for the thirty regions harboring pupils from grades one to nine in this large city.

Cups and medals, donated by sports-minded citizens, become mere baubles to be picked away in some dark corner of the school board offices, when their rightful place should be upon the walls of victorious schools as mementos of the courage, skill and stamina of the senior, junior and basket teams.

These trophies, some of them competing for 25 years, were given to oblivion, by these educators, who did not bat an eyelash while perpetrating the outrage. They did not even consult the wishes of the donors of the trophies. However, no one has raised a word against educators competing for music and art trophies and cups.

This action on the part of the educators is one of great initiative, for good or ill, as Edmonton is the first city in Canada in which such drastic action in relation to sport has been taken.

This decree must have contained the seed of its own destruction. Most of these teachers did this for the fun of the thing without extra pay. A few did receive extra salary. Have these teachers the courage to stand up to the parents between schools, parents for ever in Edmonton? They say that the cattiness of the preacher, and teacher, offer greater opportunities for free service to humanity than any others. Certainly the teacher has more holidays and more of them than most other people. Why can't they spend a fraction of their time taking their pupils to some other schools to engage in strenuous hockey or football?
